Management Commentary

The Group recorded revenue of RM2,367.0 million and profit before tax of RM304.1 million for the current quarter ended 31 March 2025, compared to revenue of RM1,419.0 million and profit before tax of RM226.7 million in the corresponding quarter of the previous financial year, representing an increase in revenue of 66.8% and profit before tax of 34.2%. Revenue was higher in the current quarter mainly due to higher contributions from all business segments except for the property development segment.

Outlook

The outlook for the property market in Malaysia and Singapore remains positive. The construction industry is anticipated to expand further in FY2025, driven by sustained public and private investments in infrastructure. The Group's performance for the year is expected to remain strong.
