Management Commentary

The Group recorded revenue of RM2,565.2 million and profit before tax of RM476.4 million for the current quarter ended 30 September 2025, compared to revenue of RM2,029.0 million and profit before tax of RM462.7 million in the corresponding quarter of the previous financial year. Revenue increased by 26.4% in the current quarter mainly driven by higher contributions from most business segments.

Outlook

The prospect for the healthcare segment remains favourable, bolstered by continued bed capacity expansion across its five operating hospitals, rising patient census and growing medical tourism activities. Given the good progress across the Group's business segments throughout the year, the Board remains confident that the Group is on track to deliver a strong performance for the year.
